PRELIMINARY PROGRAM

Dear Young Endocrinologist,

We are happy to invite you to the 16th annual YARE meeting in Hamburg, Germany in October 2014.

Hamburg is called 'the gateway to the world'. According to this slogan our meeting will open your gateway to the world of Endocrinology. You will have the chance to present your studies in an informal, confidential surrounding and to communicate with other young scientists and clinicians from across Germany and Europe.

Apart from great scientific talks we offer you to visit Germany's second largest city and biggest port as well as the gloriously infamous Reeperbahn district.

We are looking forward to a great weekend together with you in Hamburg, 'the gateway to the world'.
